

**What's
happening**

on your =====
journey to work?

Usdaw wants to ensure that our members feel safe when travelling to and from work. But lots of our members, particularly women, tell us they don't.

Dark car parks, bushes and trees near the staff entrance, missing the last bus home can all make women feel less safe.

If you are worried about these or any other issues concerning your journey to work, we can help.

**Talk to your Usdaw rep
or if there is no rep in your
store you can call the Usdaw
helpline on 0845 60 60 640***
