

Abuse is not Part of the Job for Retail Workers

If you want to Sort It... Report It!

Help us fight fear

Usdaw is standing up for shopworkers with our campaign to protect you from violence and abuse.

Every minute of every day another shopworker is violently attacked or verbally abused at work. This cannot be tolerated. Shopworkers must be allowed to go to work with Freedom From Fear.

How you can help

- ◆ Talk to your Usdaw rep about how to make your workplace safer, or to find out more about reducing retail crime.
- ◆ Make sure you report any incidents of violence or abuse that happen to you or a colleague to your employer, the police and your Usdaw rep.
- ◆ Visit www.usdaw.org.uk/fff for all the latest information.
