# What do Usdaw members say about ILAs?

*"An ILA is another chance for education if we missed out the first time round."*

**Mhairi Ross, Tesco Inverness**

*"I have always wanted to do sign language. With my ILA that will be possible. My course is already booked."*

**Val Bartlett, Morrisons Glasgow**

*"The insides of computers ... that's what I want to know more about. I won't have to pay now that I have my ILA."*

**Frank Christie, Macraes Fraserburgh**

*"I organised an ILA Awareness day in-store with Margaret Fleming, Usdaw's Lifelong Learning Project Worker. There was a great response – members could not believe that this £200 was available for them. As for me I am signed up to do a European Computer Driving Licence. When I phoned they were able to tell me when and where the next local course was."*

**Mike Peat, Sainsbury Dundee**
